## Profile

Enthusiastic Computer Science Student and Full Stack Developer with a strong passion for front-end development and a good understanding of back-end development. Skilled in React.js and Node.js, with proficiency in HTML, CSS, and especially JavaScript. Experienced with Git for version control, utilizing it effectively to collaborate and share code in team environments. Eager to contribute to collaborative projects and deliver engaging web solutions while continuously learning new technologies.

## Education

### BA in Computer Science - with a concentration in Software Engineering, at Southern New Hampshire University

JULY 2022 – PRESENT

### Full Stack Web Development Bootcamp, with UC Berkeley

APRIL 2024 – OCTOBER 2024

This was one of my favorite coding education experiences. It solidified my knowledge of JavaScript and front-end development and taught me many valuable skills in back-end development. I made many amazing connections and am so grateful for the staff who helped me along this full-stack development journey.

### Studied Psychology - with a concentration in Mental Health , at Southern New Hampshire University

FEBRUARY 2018 – MARCH 2022

This started as my continued journey into Computer Science and led me to learn more about the human brain in advanced psychology.

This solidified my love for technology, but I would not have changed the course I took.

### Started studies for BA in Computer Science, at Willamette University, in Salem, OR

AUGUST 2015 – MARCH 2017

## Employment History

### Retail Associate and Twitch Producer, at Davis Cards & Games, Davis

AUGUST 2022 – JUNE 2024

Helped teach children to play the Pokemon TCG and ran kid's Dungeons and Dragons events. Along with working behind the counter to organize the thousands of Magic the Gathering cards and selling the insane amount of amazing nerd products. It was so much fun!

I also worked behind the technology of their weekly twitch streams.

### Twitch Streamer, with Twitch.tv

JANUARY 2015 – PRESENT

Streaming and Gaming on Twitch is one of my passions, and it has been a side job for a while. It has been a wonderful experience building up such a loving and supportive community!

## Languages

English

German

### **Dog Wrangler, at Barking Lounge Dog Daycare, Seattle**

OCTOBER 2018 – DECEMBER 2018

I could only work here briefly due to a needed move, but I had a fantastic time being trained to handle dogs in a pack environment. Skills learned here:

- dog handling when surrounded by a pack of dogs.
- dog washing
- dog nail trimming
- washing big kennels and working with an electric floor scrubber and sweeper.

### **Game Broadcaster, with Novaland Media and Film Production, Seattle**

SEPTEMBER 2017 – JUNE 2018

I worked for Nova Land Media on a site called Live.me to provide video game media entertainment.

### **Pet Sitter, with Fetch! Pet Care, Seattle**

MAY 2017 – DECEMBER 2017

I assisted with the walking needs of clients' dogs and some in-home care. I also, at the client's request, cared for cats.
